

We are here to make sure you have a great adventure. Whether you choose to waterfowl hunt in New Jersey, or saltwater fish in south Jersey, we will take good care of you.

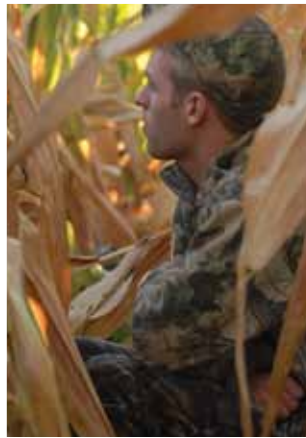

When you fish with us, we provide everything but your food and beverage. Captain Jim spends a solid eight hours per day (minimum) with your group. "We do not book more than one group per day, so you always have our full attention."

Hunters will need to bring a lunch and at least two boxes of shells per person, per day.

Fins and Feathers Outfitters will provide a complete list of what you should bring for your personal adventure. When you contact us, we will email it to you.
